UZAIR ALI JAVED

FULL STACK DEVELOPER

Profile

Qualified and professional full stack developer with 2+ year of experience in MERN Stack. Proficient in Next js, React js, Tailwind css and Node js. Eager to contribute and learn on impactful projects

Employment History

Full Stack Developer, Octaloop Technologies

11/2023 - 02/2024

• Developed and integrated APIs in the MERN stack, including optimization of third-party APIs.

• Implemented Socket.io for real-time communication and JWT for secure authentication.

• Established and maintained a robust database for efficient data management.

• Collaborated with the design team for a seamless user interface and experience.

• Actively engaged in code reviews and stayed updated on industry trends for optimal project outcomes.

Full Stack Developer, OBS Technologia

06/2023 - 11/2023

• Developed and maintained responsive web applications using Next.js and Tailwind css.

• Implemented state management using Redux, enhancing application performance and data flow.

• Optimized front-end performance by implementing lazy loading, code splitting, and server-side rendering.

• Developing and maintaining RESTful APIs for seamless communication between application components.

Frontend Developer, SpireHost (SMC-Private) Limited

02/2022 - 04/2023

• Utilized Tailwind CSS to style user interfaces, ensuring consistent design and fast development iterations.

• Collaborated closely with design teams to translate mockups into interactive and pixel-perfect UI component

Education

BACHELOR OF COMPUTER SCIENCE, Hitec University Taxilla

01/2019 - 01/2023
